

SPLENDID PALMETTO TROOPS

Hundred and Eighteenth Infantry Makes Great Showing.

Camp Sevier, May 5.—South Carolina's former First Regiment of National Guard, now the 18th Infantry, United States National Guard, went on regimental parade and review at Camp Sevier last Friday afternoon for the last time for a while, at least. More than a thousand men, women and children, most of them being mothers, fathers, wives, brothers, sisters and sweethearts of the infantrymen, looked on while the crack Palmetto organization made its final march across the parade ground where for nearly twelve months it has been working to gain that excellent military efficiency that is now its own. It was a grand spectacle, that parade and cheer after cheer went up from the visitors as platoon after platoon of splendid specimens of physical manhood made almost perfect by days and months of hard and steady military practice, marched in perfect step and in the straightest of lines past the reviewing station where the reviewing officer was stationed. Though in the main the personnel of the regiment as constituted at present is quite new and has been recruited during the past year largely by draft and enlistment, the old palmetto organization was not entirely forgotten. The personnel of the old regiment as a state organization during the past several years, could recognize scores of men who were soldiers thereon long before the United States found it necessary to take a hand in the World War.

York county has peculiar interest in the 18th Infantry. In the course of the fact that three companies of the organization were organized among York county boys, viz.: Company "D," Fort Mill, Captain Lindsey; Company "E," Fort Mill, Captain Sam W. Parks; Company "F," Fort Mill, Captain Lindsey. These companies were organized among men of Fort Mill and vicinity and which, until a few months ago, were commanded by Capt. Joseph H. Hart of Yorkville. In addition to the volunteer personnel of these companies from York county, a total of about a hundred, quite a number of York county men who have been inducted into the military service by draft are included in the 18th Infantry. The personnel of the regiment is assigned to one of the three companies from their county. A number are scattered among other companies of the regiment.

Among the well known York county men who are officers of the regiment are Lieut. Col. E. Spratt, Captain of the 18th Infantry, and Capt. James W. Campbell of Clover, who is second in command of the hospital corps of the regiment.

The First South Carolina was one of the first organizations to come to Camp Sevier after the camp was established last spring and which has been clearing the way for the other organizations of the Thirtieth Division. In sunshine and in rain the Palmetto Regiment has worked hard and faithfully and military authorities of the United States and the National Army regard the 18th Infantry as superior to that of the 17th. That the regiment will more than hold its own no matter where the path of duty lies, goes without saying.

The 18th Infantry is no longer at Camp Sevier.

OF COURSE WE KNEW—
The THIRD LIBERTY LOAN would go "Over the Top," and we of course believed that the people of Sharon and vicinity would be in the front in putting it across; but it is especially gratifying to see the great number of people of this section who have put their money in the sleeves of war that Uncle Sam needs. It is a good omen of Victory; because it shows that not only our own people are behind Uncle Sam, but the whole country are with them.

We thank you for buying the bonds and especially thank all who placed their buying through this bank. Remember, Please, That This Bank is here to serve You in Every Way a Good Bank Can Serve.

ANNOUNCEMENTS

TO the Democratic Voters of the Fifth District: I respectfully ask to be renominated and re-elected to Congress from this District, and agree to abide the results of the Democratic Primary Election. I will not be able to spend much time in the District this summer, because of the great amount of important legislation growing out of the war situation, but will attend meetings in the District whenever possible. It is absolutely essential for Congressmen to be at their post at this time.

SHAME ON SOUTH CAROLINA

DO YOU KNOW that in the sale of Thrift and Savings Stamps, while York now stands seventh among the counties of South Carolina, its sales are only 25 cts. per capita? And among the States we stand at the very bottom—forty-ninth—only 15c per capita, while the State of Nebraska has bought \$4.39 worth for each man, woman and child in the State.

For week ending March 16th, York stood twenty-third county in South Carolina, with only \$14,049.00 worth of sale.

What Are You Doing? Not some one else; but YOU. Let us do better one else; but YOU. Let us do better next week and get back up in at least the third class among the Counties of South Carolina, thus helping ourselves and helping the Government.

Very respectfully,
W. B. MOORE

Of Special Interest To Women

HERE WERE sixteen millions of self-supporting women in the United States before the war commenced. The number is increasing rapidly. Every woman who is earning her own living or is supporting dependents should strive to lay aside as large proportion of her earnings as possible against that day, which is sure to come, when she is no longer able to earn an adequate income, or when she feels that she would like to be relieved from burdens that have grown heavier than she feels like bearing. There are many, of course, who cannot lay aside a great deal because of the fact that their salary or wage is not sufficient to warrant it, but as a rule there are few who could not save from fifty cents to one dollar a week, while there are others who could save from two to five dollars, provided they had a definite object in view, and it is to this latter class that I have a message. It is this: I am prepared to submit an absolutely safe proposition, (and believe me, sister, that kind is scarce) backed by the Mutual Benefit Life Insurance Company, which involves the annual deposit of a gradually decreasing amount for a definite number of years and at the end of the term agreed upon the Company will pay you in cash either one, two, four or five thousand dollars, or a specified amount each year for a definite number of years, or for the remainder of your earthly pilgrimage, or if you should not live to attain the age at which you were arranging for your income to commence, the full amount that would otherwise have been payable to you will be paid to any person or persons you may have designated to receive it.
